*15 min coffee break*

16h30-17h00 **Conclusion and Q&A**

end

***All registered participants will receive a set of documents in a nice glossy folder (leaflet VRPN/ VR training for Police a Provider overview/ Policy maker toolkit), They will have the possibility to do a try out. We do insist that participants would give feedback via a QR code. This will serve the network to grow and the VR company Hologate to adapt their products to the needs of the end-users in the many LEAs working with VR.***

***The aim of the seminar*** to promote the use of VR and to offer exchange of experience in a multi-disciplinary context to allow first responders to navigate in a VR landscape that evolves very fast.

\*VRPN stands for VR and Police Network, SMARTEU stands for (Scottish Multi-Agency Resilience Training & Exercise Unit) <https://www.epcresilience.com> and the EU Horizon project [www.med1stMR.eu](http://www.med1stMR.eu)
